

Correlating Greek and Science and Technology to Understand the Mark of the Beast

The key to understanding the Mark of the Beast is having God's help in understanding Revelation 13:16-18 in light of the original Greek words and today's science and technology. If a person knows God, is able to use a Greek concordance, and understands certain concepts of modern science and technology, he should be able to understand the Mark of the Beast. It does not require a PhD. All that is required is a little time and effort to look up the Greek words and a basic understanding of big data, artificial intelligence (AI) the Internet of Bio Nano Things, nano technology, synthetic biology, DNA origami, quantum entanglement and cryptocurrencies. Below is a brief introduction.

The Lord Jesus warned us

Over 2500 years ago, the Lord Jesus Christ appeared to Daniel the Prophet and told him vital information about the future. (See Daniel 10-12 and compare with Isaiah 6:1-7, Ezekiel 1:25-28, and Revelation 1:10-20.) He described some major events that would affect God's people under different kingdoms. He also mentioned was that in the last days, prior to His second coming, knowledge would increase (Daniel 12:4). Today, we can see this fulfilled in big data, which is growing exponentially as a result of the internet, artificial intelligence, quantum computing, and countless data-collecting sensors in places and in people.

Revelation 13:16-18

The Lord Jesus Christ also appeared to the Apostle John over 1900 years ago and gave him some more information about the time prior to His second coming. He mentioned that people would have some kind of mark in their bodies for identification and authentication. This is described in Revelation 13:16-18. Since science and technology of John's day were much less advanced, John did not understand fully what the Lord was showing him. However, when he recorded what he saw in the Book of Revelation, he did his best to put images into words.

Hebrews 4:12 says that the Word of God is living and active. This means that it can be applied to the world we live in today (2 Timothy 3:16,17). Sometimes, the meaning is purposely hidden with a time lock until the appropriate time when the meaning can be unlocked or unsealed (Daniel 12:4; Revelation 5:1-8:1). Since most Bible translations have been written by people who knew little of today's science and technology, the Spirit of God purposely allowed these translations to hide the true meaning, because the time was not right for the true meaning to be unsealed. Therefore, here is an updated English translation of Revelation 13:16-18 which takes modern technology into account and thus reveals the meaning more clearly:

And it makes everyone — both small and great, both rich and poor, both free and slave — present marks on their right hand or on their foreheads, so that no one can buy or sell who does not have the mark, the name of the Beast or the data of its name. Here is the wisdom to have understanding, to handle the data of the Beast, for it is the data of man and his data, 666.

Notes / explanation:

MAKES - this is the English translation of poieō 113 times in the KJV. The KJV uses "do" 357 times, which also has the sense of causing or doing something to people. Both are acceptable, but "make" has a slightly more coercive connotation in modern English. "Cause" is more related more to setting off an event

or action, while "make" is more related to behaviour or action. In this case, people have a freewill choice to participate in that action or not - buying or selling. See the Blue Letter Bible for more details on ποιεῖ: <https://www.blueletterbible.org/lexicon/g4160/kjv/tr/0-1/>

IT - the collective group of private entities [corporate and religious] described in Revelation 13:11-18 of whom the false prophet is the figurehead, in partnership with the 7-headed Beast digital kingdom (Revelation 13:1-10), of whom the Antichrist is the figurehead. It is a public-private partnership. The 7-headed Beast kingdom had to arise prior to the Antichrist (Daniel 7:23-25), and the private entities that support it are already making people take the mark of the 7-headed Beast. See the Greek for the pronouns he/she/it (autos): <https://www.blueletterbible.org/lexicon/g846/kjv/tr/0-1/>

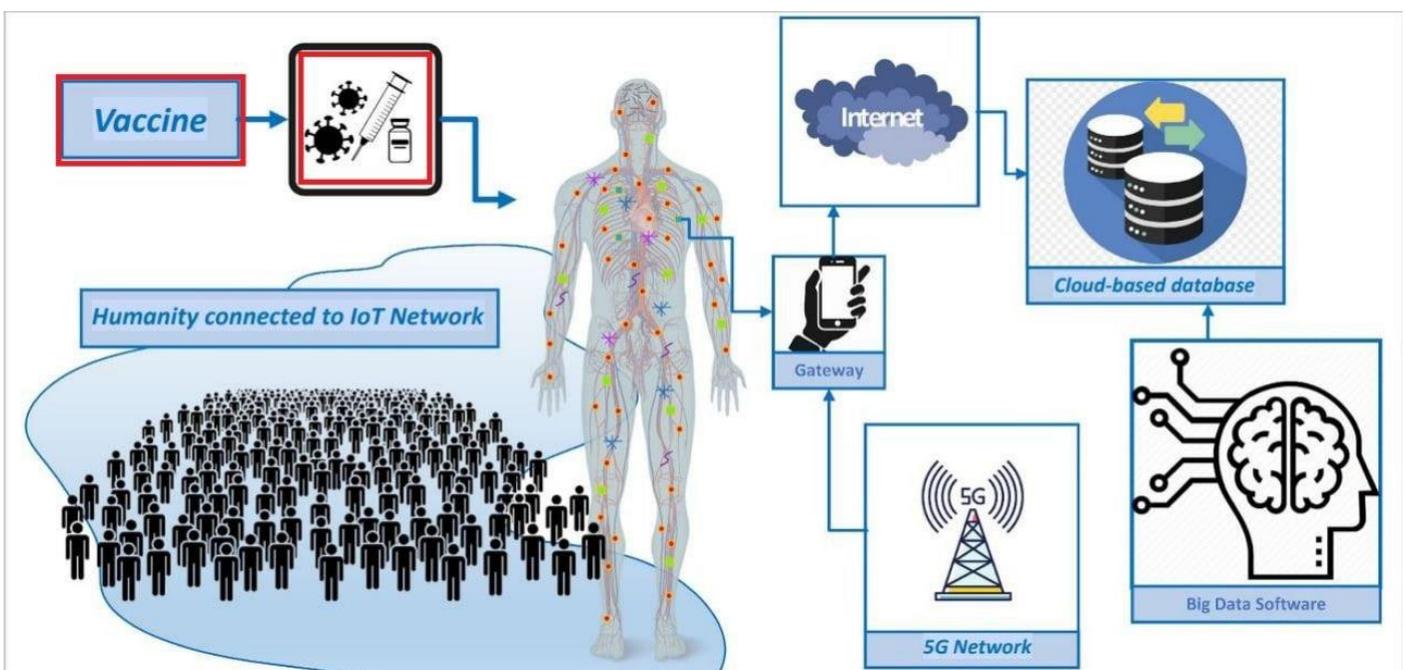

Seventy-fifth World Health Assembly to focus on "Health for Peace, Peace for Health" for recovery and renewal

العربية 中文 Français Русский

PRESENT - the Greek word used here (didōmi) is different from the word for receive (lambano) used in Revelation 14:9-11. Didōmi is translated 365 times in the KJV as "give" and four times as "show". See the Greek for didōmi: <https://www.blueletterbible.org/lexicon/g1325/kjv/tr/0-1/> and for lambano: <https://www.blueletterbible.org/lexicon/g2983/kjv/tr/0-1/>

"Present" is a synonym for "give" or "show" in the context today, so "present" more clearly conveys the idea of digital identification and authentication through scanning of something. Currently, authentication is done with smartphone apps, but with Luciferase-coated quantum dots it can be done with an NIR light-reading camera. Sadly, most people already have millions of these quantum dots dispersed throughout their bodies.

MARKS – this is from the Greek word *cháragma*, which means a scratch or etching, i.e. stamp (as a badge of servitude), or sculptured figure (statue); a graven, mark. See <https://www.blueletterbible.org/lexicon/g5480/kjv/tr/0-1/>.

Cháragma is derived from *charássō*, which means to sharpen to a point or a stake or palisade (stakes tied together). See <https://www.blueletterbible.org/lexicon/g5482/kjv/tr/0-1/>

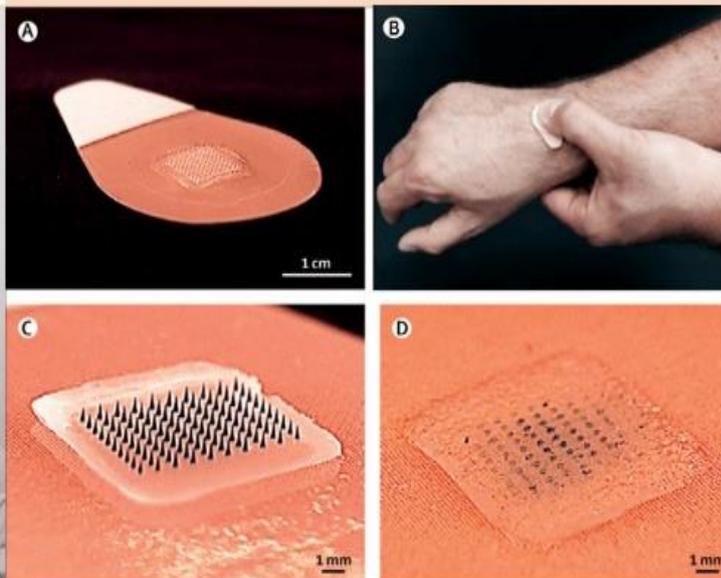

Mark of the Beast Delivery Systems

1st Generation

Hypodermic needles were originally designed based on observations of snakebites and poisoned weapons.

Next Generation

Microneedle array tattoo patches encapsulate the agent(s) to be delivered. These are formed of a biodegradable polymer that dissolves upon insertion into skin or tissue, so that the microneedles break off from the substrate forming the patch, remaining in the skin/tissue at the site of insertion.

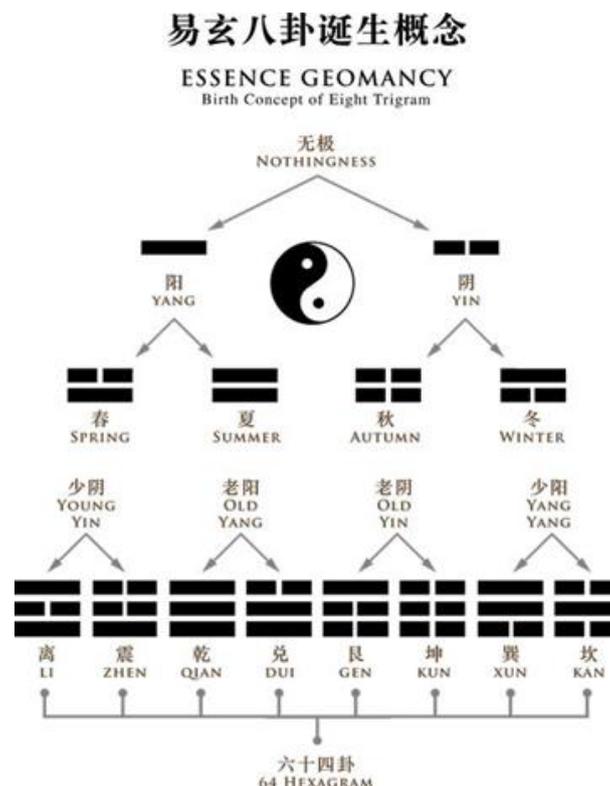

DATA - the Greek word arithmos is normally translated in English as "number". It can either mean a fixed and definite number or an indefinite number or a multitude. Today, "big data" is a multitude of numbers and text. The concept was unimaginable until the late 20th Century. But data is the food that the digital Beast kingdom eats. It is composed of both numbers and text. See <https://www.blueletterbible.org/lexicon/g706/kjv/tr/0-1/>

HANDLE - the Greek word psephizo is normally translated in English as "calculate", but it is derived from the practice of using pebbles in counting or voting. See psephizo: <https://www.blueletterbible.org/lexicon/g5585/kjv/tr/0-1/>

Psephizo is derived from the Greek word (psēphos), which means a small worn smooth stone, a pebble, or voting using black and white pebbles. See psēphos: <https://www.blueletterbible.org/lexicon/g5586/kjv/tr/0-1/>

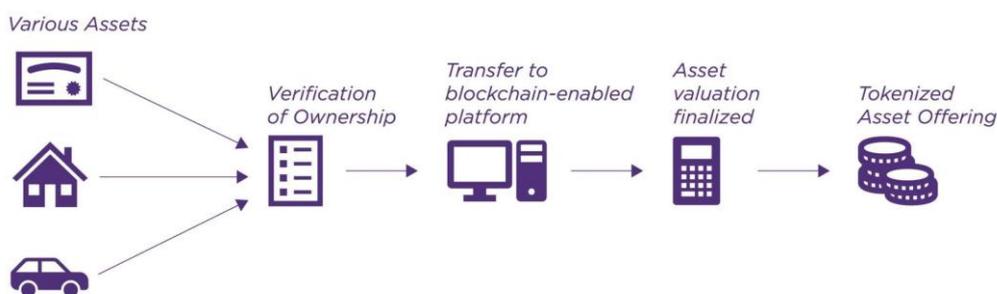

Black and white pebbles are related to binary numbers, which can be converted to hexadecimal numbers. These are the basis for geomancy, an ancient form of divination. In ancient times, seeking forbidden knowledge from evil spirits to foretell the future required a few random dots in the sand and a manual process of counting and manipulating numbers. Below is the Chinese version of geomancy:

Binary numbers are also the basis for modern computing. Today, the process is automated in artificial intelligence algorithms that use big data. The Greek word Psēphos is derived from the word (psēlaphaō), which means to handle, touch, and feel, or metaphorically to mentally seek after tokens of a person or a thing. See psēlaphaō: <https://www.blueletterbible.org/lexicon/g5584/kjv/tr/0-1/>

Today, blockchain technology adds an element of security to financial transactions using the tokens to control buying and selling. Thus, "handle the data" is preferable to "count the number", because data cannot be touched with the hands, but it can be handled in a figurative sense with data processing software.

ASSET TOKENIZATION PROCESS

666

On a purely literal and surface level, the number 666 means six hundred sixty-six. This is a number related to taxation, since in 2 Chronicles 9:13 the weight of gold that came to Solomon in one year was six hundred and threescore and six talents of gold. In those days, it was called a tribute, which was money paid to a kingdom that exercised authority over others. In other words, the Mark of the 7-headed Beast is related to taxation. Under the coming new global financial system, the Beast kingdom will receive a transaction fee for every financial transaction made by billions of people around the world every day! It will make the shareholders the richest people in the world!

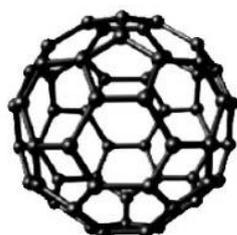

Through correlation, we can also see that the number 666 is related to the rise of a global ruler, since in Ezra 2:13 the children of Adonikam were six hundred sixty and six, and the name Adonikam in Hebrew literally means "my lord arose."

Furthermore, on a deeper spiritual level, triple 6 can be seen today in at least three technologies:

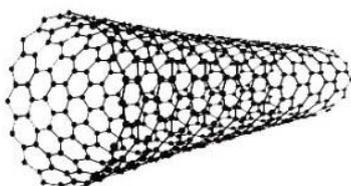

Carbon nanostructures

Carbon is the 6th element of the periodic table of elements. Carbon's atomic number is 6, and it is the 6th most bountiful element in existence. Carbon has 6 protons, 6 six electrons and 6 neutrons. Carbon nanostructures come in the form of graphene, nanodiamonds, C60 buckyballs, and carbon nanotubes, and they are toxic. Sadly, since early 2022, over half of the world's population has millions of carbon nanostructures in their bodies. We can see this if we apply the science of aetiology, i.e., reverse engineering the causes of symptoms and comparing them to known causes.

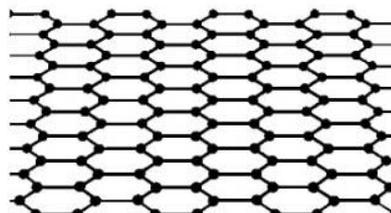

Fullerene

Carbon nanotube

Graphene

These nanostructures make up infrastructure which is currently dormant but will be used to fold DNA into patterns that can make the people have a universal pattern that can enable quantum entanglement with the 7-headed Beast's quantum computer system.

See <https://valenceelectrons.com/carbon-protons-neutrons-electrons/> and <https://www.sciencedirect.com/science/article/pii/S2451929418300664>

CHMOD 666

This is a command that gives permissions to read and write files on a host server but not execute them – this will be the situation when people are quantum entangled with the 7-headed Beast's quantum computer system. See <https://chmodcommand.com/chmod-666>.

MS patent WO 2020/060606 A1

This Microsoft patent is for a cryptocurrency system using body activity data. This technology will be used to monitor the brain activity of people who have taken the Mark of the 7-headed Beast. The brain activity will be monitored for the purpose of proof of work and granting of credits in the new global social credit system, so people can conveniently and happily buy goods or services, even if they own nothing. See <https://patents.google.com/patent/WO2020060606A1/en>.

WO2020 060606 CRYPTOCURRENCY SYSTEM USING BODY ACTIVITY DATA

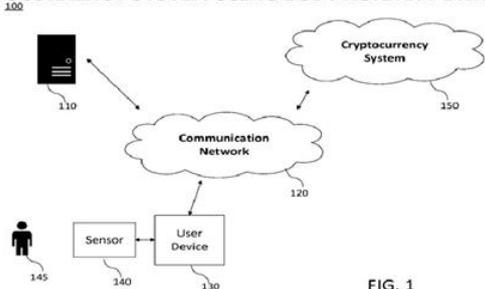

FIG. 1

Microsoft Patent

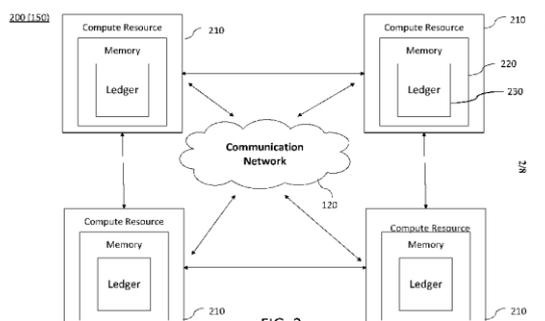

FIG. 2

If any man worships the Beast and its image and receives the mark in his forehead or in his hand, the same shall drink of the wine of the wrath of God, which is poured out without mixture into the cup of His indignation; and he shall be tormented with fire and brimstone in the presence of the holy angels, and in the presence of the Lamb. And the smoke of their torment ascends up for ever and ever, and they have no rest day nor night, who worship the beast and its image, and whosoever receives the mark of its name. – Revelation 14:9-11
